

## University of Michigan Media Co-op Advertising program

The U-M Media Co-op Advertising Program (the Program) provides University of Michigan Schools/Colleges/Units (Units) the opportunity to promote and co-brand their event or message in The University Record with maximized results through cooperative funding support from the Office of the Vice President of Global Communications (OVPGC).

### OVERVIEW

The Program will provide up to 50% matching funds to supplement the budget of Units wishing to promote their U-M message or event with The University Record. To be eligible, the Units must meet the following criteria:

- 1) Have a U-M event, activity or program to promote;
- 2) Have a budget of at least \$2,000 to contribute towards a media campaign. Note that only media placement is considered for this match. Design fees, if applicable, are excluded when the match amount is determined.
- 3a) Has not advertised in the Record in FY16; OR
- 3b) Any Unit that has advertised in the Record in FY16 may qualify for the Program if their portion of the last annual contribution is increased by at least ten percent in a new schedule.

### Early Responder Incentive

Ads scheduled between September 1 and November 30, 2016 will receive a 1:1 match of the value of those ads. The requirement for a \$2,000 minimum investment for the entire campaign remains in effect.

Important Note: Co-op Program match may not exceed \$10,000 for a single Unit in FY17.

### EXAMPLE – New Media Campaign

1) A unit commits \$2,000 to a Record advertising campaign. The Program will add 50% to the campaign for a media spend total of \$3,000. If the unit commits \$20,000, the Co-op Program will add 50%, or \$10,000 (the maximum match a single unit in the Co-op Program period), to the campaign for a total media spend of \$30,000.

### EXAMPLE – Renewing Media Campaign

1) The renewing unit's portion of an FY16 advertising contract was \$2,000. With a 10% increase, the total unit commitment would be \$2,200. The Program will add 33%, or \$726, to the campaign for a total media spend of \$2,926.

2) The renewing unit's portion of an FY16 advertising contract was \$2,000. With a 20% increase, the total unit commitment would be \$2,400. The Program will add 50%, or \$1,200, to the campaign for a total media spend of \$3,600.
